

## **Additions and Corrections**

### **Potentiometric Determination of L-Ascorbic Acid in Pharmaceutical Samples by FIA Using a Modified Tubular Electrode**

*Julio Cesar B. Fernandes, Laércio Rover Jr., Lauro T. Kubota and  
Graciliano de Oliveira Neto - 2000, vol. 11. No. 2, 182-186.*

Figure 1 should be interchanged with Figure 2, keeping the original captions. The unit mL should be replaced by  $\mu\text{L}$  on p. 183 (500  $\mu\text{L}$ , 500  $\mu\text{L}$  and 100  $\mu\text{L}$ ), on p. 184 (100  $\mu\text{L}$  and 50  $\mu\text{L}$ ), and in the captions of Figures 3 and 4. Equation 7 (p. 185), should be:

$$\Delta E = - (212 \pm 6) + (69 \pm 3) p[\text{ascorbic acid}]$$
